

# Off-Site Shuttle Service

Route  
& Schedule  
Information

## Off-Site Shuttle Route

DESTINATION	BLDG#	STOP
Calvin Lab	3	Haas School
Donner Lab	1	East Gate

Berkeley Lab Off-Site Shuttle stops are marked with the sign shown at left. Passengers need to stand at the marked location.

Berkeley Lab shuttle buses are WHITE with BLUE and TEAL stripes.

When you see the shuttle bus approaching, WAVE AT THE DRIVER so the driver knows you want to board the bus. (Shuttles share bus stops with other transit systems.)

As you board, tell the driver the building number of your laboratory destination. The driver will be able to assist you with directions. You may transfer to the On-Site Shuttle bus at Station 1, Building 65.

See other side for On-Site Shuttle route and schedule information.

 **Bicyclists** — see other side for information on bringing bicycles aboard shuttle buses.

*Berkeley Lab shuttle services are for official employee and guest use only. You will be asked to show your LBNL badge when boarding or other identification.*

Schedule Note — Berkeley Lab shuttle buses operate Monday through Friday. There is no weekend service.
